# 2 ▢ Administrivia

- Updated TA office hours on webpage, but…
- We're getting a third TA!
- Second recitation: either Weds. 2pm or Thurs. 2pm instead of OH
- Homework 1 will come out on Thursday; how many did HW0?
- Webboard is up: start using for common questions
- You can get the notes I use
  - They're brief, but a quick summary

# 3 ▢ Agenda

- Continue Java/OO introduction

# 4 ▢ Java refresher

- Static vs. nonstatic
  - Why static *methods*? Just a convenience convention
- Primitive vs. reference types, continued
  - Look at integer example again
  - Getter/setter methods
  - Wrapper classes
    - When to use wrapper classes? Both inserting into Collections and using *static* utility methods
  - Garbage collection, reviewed
  - Strings are both? "=" overload
- Packages
  - What does it mean to *import*?
  - Java.util.* or java.io.*
- Exceptions
- Javadocs, books – can't guarantee board code

# 5 ▢ Next time…

- Lists, finally!
- HW#1 will deal with basic list operations – you should have enough time to get up to speed on basic Java programming
