Equation 6.78 (page 202) should be

\[
p(c|x) = \frac{\exp\left(\sum_{i=0}^{N} w_i f_i(c, x)\right)}{\sum_{c' \in C} \exp\left(\sum_{i=0}^{N} w_i f_i(c', x)\right)}
\]

In other words, \( w_{ci} \) in the numerator should be replaced by \( w_i \), and \( w_{c'i} \) in the denominator should also be replaced by \( w_i \).

Similarly, at the top of page 203, \( w_1(c, x) \) should be replaced by \( w_1 \), and \( w_2(c, x) \) should be replaced by \( w_2 \).
