3 Architecture
4 Summary
Overview

Language Features
- run like Prolog with C like syntax
- search solutions from rules and facts

Application
- simulate interactions of entity
- agents play a game with environment

Motivation
- Multi-agents system modeling
move($dir) {
    @print($e, " says move ", $dir);
    $e.@forget( imove($dir) );
    env($e);
    $e.imove($dir);
}
Summary

Nishant:
Thinking as a system programmer!

John:
Five living rules in his life!!

Cheng:
System design determines almost everything!

Devesh:
Magic and powerful programming world!

4 PEOPLE...
4 Experiences!!
Thank you !
