

Advice for 3-2 Combined Plan CS Students

Stephen A. Edwards

Columbia University

Fall 2015

Time is of the Essence

You have exactly two years at Columbia

You must take 60 non-transferred points

Average class is 3 points

$60 \div 3 \div 4 = 5$ classes per semester

Flaking out on classes, for whatever reason, is the number one problem combined plan students have.

Extending your time here is nearly impossible.

Advising

I am the CS advisor for Combined Plan students
Email me or stop by for an appointment anytime
(sedwards@cs.columbia.edu)

Your “class dean” can advise on non-CS class questions

I know remarkably little about, e.g., English classes

Intrepid administrator **Remi Moss** helps with bureaucracy
(remi@cs.columbia.edu)

She's on your side

Importing Classes

Remi and I are here to help with the import process

Importing means you skip the class at Columbia; it does not impact the 60 point requirement.

1. Talk to me about classes you want to import/skip
2. I'm happy to approve imports of most basic classes
3. I may refer you to the instructor for advanced classes

Make sure Remi gets information about what classes we have approved

Graduating

Columbia Student Services Online (SSOL: ssol.columbia.edu)

Among other things, has a Degree Audit Report (DAR)

An unreliable indicator of your progress

Your DAR is usually unaware of imports

Not to worry → Remi and I clear you to graduate

We follow your transcript and imported classes
