

Postdoctoral Fellow in Computer Vision and Machine Learning
Columbia University in New York, NY

The computer vision group at Columbia University seeks a postdoctoral fellow with Prof. Carl Vondrick and Prof. Shih-Fu Chang.

The ideal candidate will have a Ph.D. in computer science or related fields by the time they start and an excellent publication record in computer vision and/or machine learning.

The project will focus on commonsense visual reasoning and video analysis. The initial appointment is for one year, but can be renewed for up to three years. The start date is flexible, and we encourage applications from candidates with diverse backgrounds.

To apply and for more information, please contact Carl Vondrick at vondrick@cs.columbia.edu with a) your CV, b) email addresses for two references, and c) links to two of your favorite papers.
